Good questions!

I did prioritize them, at least roughly. But I also broke them up by category, similar to what Region 10 did. However, we're going into Drupal before OWC will even have a chance to do anything with our list, so we're in a very unique situation! :)

Fortunately this is only about non-Superfund pages, so Libby and Pavillion will remain intact for now. MT pages are all Superfund, so they are also spared in this round.

Thanks!

Looks good from what I know. (not much) did we need to prioritize these or is this our list of priority sites? is this only about non-superfund pages- what about Libby, Pavillion, Butte, MT. Any pages MT works on affected?

Hi Paula,

Here's what I'd like to send to fulfill Monday's requirement:
